

Consultation Questions

Views are being sought on proposals for the future management of Southwold Harbour.

One of the structures being considered would establish a Harbour Management Committee as a means of governing the Southwold Harbour Lands, to operate in the interests of stakeholders, including the local community.

Q1. What are your views on this specific proposal for a Harbour Management Committee and the proposed Governance Structure?

Q2. What action would you like Waveney District Council to take, to demonstrate its commitment to a positive future for the Southwold Harbour Lands?

Q3. Funding for future investment in Southwold harbour Lands is critical to its future. How should any future management arrangement best prioritise improvements to the harbour?

Q4. Transparency and openness is critical to the any successful future working relationship. How best can this be demonstrated by any future management arrangement?
